### PREFACE

This report is one in a series on Soviet Ground Force and Logistic installations being prepared for a DIA/CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1P1a (DIA). The photographic analysis for this particular report was performed by the Production Center 1P1a.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage/maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank/assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training areas or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

### SUMMARY

A probable military barracks area is situated approximately 1.2 kilometers (km) southwest of the largest mole in the harbor and 1.4 km south of the Novorossiysk railroad station (Figure 1).

This area contains 1 multistory probable administration building/barracks, 3 multistory

probable barracks, 3 probable support buildings, and 2 probable vehicle maintenance sheds (Figures 2 and 3).

parative analysis reveals no significant change.

25X1D

### DESCRIPTION OF INSTALLATION

#### Road Service

The area has access to city streets.

#### Administration and Troop Housing Areas

Area D1 contains 1 multistory probable administration building/barracks.

Area D2 contains 2 multistory probable barracks, 1 L-shaped multistory probable bar-

racks, and 1 probable support building.

#### Equipment Storage/Maintenance Area

Area J contains one 190- by 60-foot probable vehicle maintenance shed, 1 L-shaped probable vehicle maintenance shed measuring 180 by 80 by 50 feet, and 2 probable support buildings.
